

# LR-UHF-60

Long range Receiver

2 and 4-button fobs sold separately.

LR-UHF-60 is an outdoor IP67-rated 433MHz long range receiver designed specifically for ZKAccess long-range fobs.

With its 200 feet (60M) read-range, LR-UHF-60 provides users convenient long range authentication for many applications including door access, vehicular gate access and any application in which the user no longer needs to have their credential held in close range to the reader.

LR-UHF-60 has a built-in Wiegand-Out port which can be connected to most any access control panel (including ZKAccess C3 and InBio door controllers).

## Configuration

## Dimensions

## Specifications
